SUBJECT: Annual National Environmental Policy Act (NEPA)
Planning Summary - 2007

In accordance with Department of Energy Order 451.1B, *National Environmental Policy Act Compliance program*, the Office of Intelligence and Counterintelligence (IN) has reviewed its NEPA Program. We anticipate no new environmental assessments within the next 12 months nor any environmental impact statements within the next 24 months.

In FY 2006, IN coordinated on two NEPA actions and will continue to work with the DOE and NNSA field organizations and other program offices to ensure that applicable NEPA initiatives consider IN activities. Any unforeseen requirements will be coordinated with the appropriate field organization, as soon as recognized.

The majority of IN NEPA actions could fall under site-wide environmental impact statements so a site-wide impact statement would facilitate IN future NEPA compliance efforts.

If there are any questions regarding the IN NEPA Planning Summary, please direct them to Michael C. Mazaleski, IN NEPA Compliance Officer, at 6-8718.
